

HOW to LOVE

It is strange that you
don't know who I am.

Perhaps it is better this way
because then the advice
can stand by itself

and not be connected to
a person who is as flawed
and foolish as everyone else.

But do we read love-guides
for advice? Or just for something
good to read?

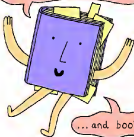

If so, I've heard the most shocking thing an artist can do today is be sincere

so maybe it is time to show you
who is behind the door.

I am
DORRIS McCOMICS:
agony aunt, author...

It is strange that you
want to know who I am.

We often read
to find out about ourselves.

But now you know who I am,

who better to tell you who
you are than a book?
